Contested Nature - SUNY Press Contested Nature argues that to be successful in the long-term, social justice and biological conservation must go hand in hand. The protection of nature is a complex social enterprise, and much more a process of politics, and of human organization, than ecology. So is it nature not nurture after all? | Science | The ... In a new book likely to rekindle fierce controversy, psychologist Robert Plomin argues that genes largely shape our personalities and that the latest science is too compelling to ignore. Nature Contested: Environmental History in Scotland and ... This book is about how we have treated nature in some of the most valued landscapes in Europe. Combining social and cultural history with ecology and geography, T.C. Smout has written an environmental history that is both profound and accessible.

The Nature Conservancy The mission of The Nature Conservancy is to conserve the lands and waters on which all life depends. Our vision is a world where the diversity of life thrives, and people act to conserve nature for its own sake and its ability to fulfill our needs and enrich our lives.
