Nature vs. Nurture in Special Education The author discusses aspects of the nature versus nurture equation in special education. She is critical of three assumptions that influence the special education including that students with disabilities must show that they can learn before they can be taught with nondisabled students, students. What are the Challenges of Being a Special Education ... The nature of a special education teacher's work is very different from that of traditional teachers; the result of this is that standard classroom teachers may not view them as colleagues. There may be a professional stigma attached to the work of teaching slow students. ERIC - Effective Intervention for Students with Specific ... The nature of effective instruction for students with specific learning disability is explored. Process training has long been a prominent intervention but is shown to possess limited efficacy. Better outcomes are attained when effective general education instructional techniques are adapted for the purposes of special education.
